

ST VETTING - MARINE SOLUTIONS
WORLD - WIDE VESSEL INSPECTION SERVICES

ENVIRONMENTAL POLICY

ST Vetting Marine Solutions is fully committed to reducing our environmental impact across the scope of our operation and through the services we deliver to our customers. Company is fully committed to the principles of environmental sustainability through identifying and addressing the environmental aspects resulting from and associated with its activities and services. In addition, the promotion of the conservation of natural resources is recognized as a priority consideration for the business and for the communities in which the business operates. The purpose of this Policy is to ensure that all relevant activities and services of the organization are identified and carried out in compliance with the relevant environmental legislation and other requirements.

With regards to its own business operations, the Company is committed to:

- Continual improvement of the environmental performance of its head office sites.
- Enhancing the environmental efficiency of its business facilities to reduce the consumption of energy and other natural resources (e.g. water, waste, electricity).
- Comply with relevant environmental Standards and regulations as well as with in-country legislative requirements.
